Message from Chairman

Hope, Healing, and Humanity: Our Journey of 20 Years

Dear Humanity First Family,

As we reflect on 2024, I am filled with immense gratitude—for the opportunity to serve, for the strength granted by God Almighty, and for the unwavering support of our volunteers, donors, and partners. Since Humanity First USA was established in 2004, we have grown into a dynamic, volunteer-driven organization that has reached over 5.3 million people across the globe. Together with our Humanity First family in 65 countries, we have now served more than 16 million people through our eight core programs.

This year, we continued to respond to urgent needs—from highly visible humanitarian crises like in Gaza, to Hurricane Helene’s devastation on American soil, to underreported flooding in Tanzania. At the same time, we deepened our long-term investments in education, healthcare, and clean water. We launched our Orphan Care program in Indonesia, expanded our school network, and continued to operate Nasir Hospital in Guatemala—an iconic symbol of what collective compassion can build.

In 2024, we also launched our first-ever global “Walk-Run-Bike for Humanity” campaign, logging over 35,000 miles to raise awareness and support for critical needs. Our 13th annual Telethon brought together supporters from across the country to sustain and grow our impact.

None of this would be possible without the people who power our mission. I extend my heartfelt thanks to the Ahmadiyya Muslim Community USA, whose members and auxiliaries have been the backbone of our volunteer force. From food pantries to disaster relief, from fundraising to mentoring youth, the dedication of all our volunteers and partners is unmatched. I also thank our Doctors4Humanity medical professionals, our growing network of Humanity First Student Organizations—now on over 50 campuses—and our youngest volunteers in Kids4Humanity, who are learning early what it means to serve others.

Humanity First’s strength lies in its ability to act—swiftly in times of crisis, and patiently in long-term development. Whether it’s by performing a cataract surgery that restores sight in hours or by operating a school that nurtures a child for years, we remain committed to the dignity and potential of every human being. We believe that putting humanity first means seeing ourselves in others and working together to build a more just, compassionate world.

Thank you for being part of this journey. With your continued support, we look forward to the next chapter of hope, healing, and humanity.

Warmly,
Munum Naeem
Chairman & Executive Director,
Humanity First USA

Vision and Mission

Vision

- We focus on giving people the skills and the capacity to succeed and flourish.

Mission

- Humanity First USA is dedicated to serving humanity and safeguarding human life and dignity.

Over 44 million people in the United States—including 7 million children—experience hunger and food insecurity.

To beat hunger, HFUSA runs nine food distribution sites across the country, organizes food drives, and partners with other organizations who are also fighting to eradicate hunger. When natural disasters happen, we provide emergency food and water supplies. Humanity First is on the front lines, delivering millions of meals to the hungry.

Sites

The HFUSA Food Security program in the U.S. operates from 9 locations, of which 7 are partner sites with the Ahmadiyya Muslim Community, 1 HF stand alone pantry in Duluth, and in New York City food is taken directly to distribution locations assigned by the city.

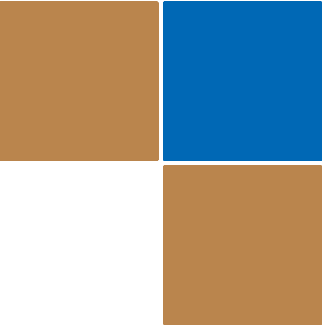

Food Bank Partnerships

We partner with local food banks in Duluth, Hawthorne, Willingboro, New York City, and Fort Worth.

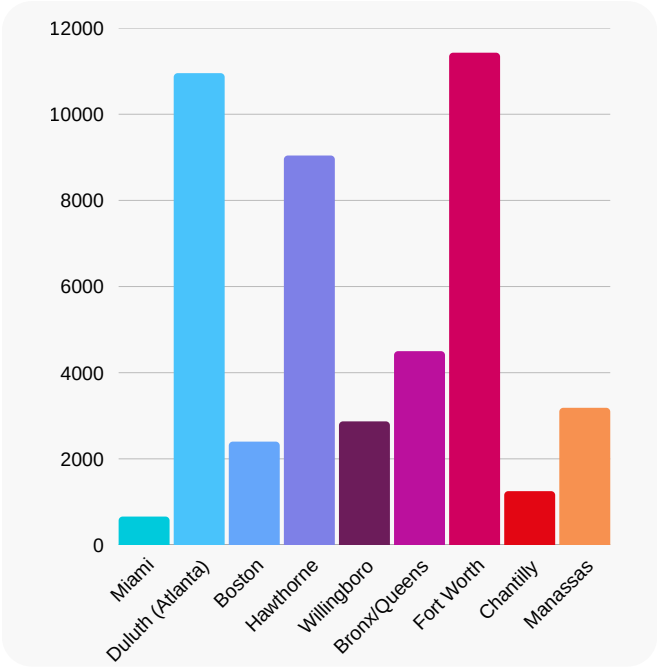

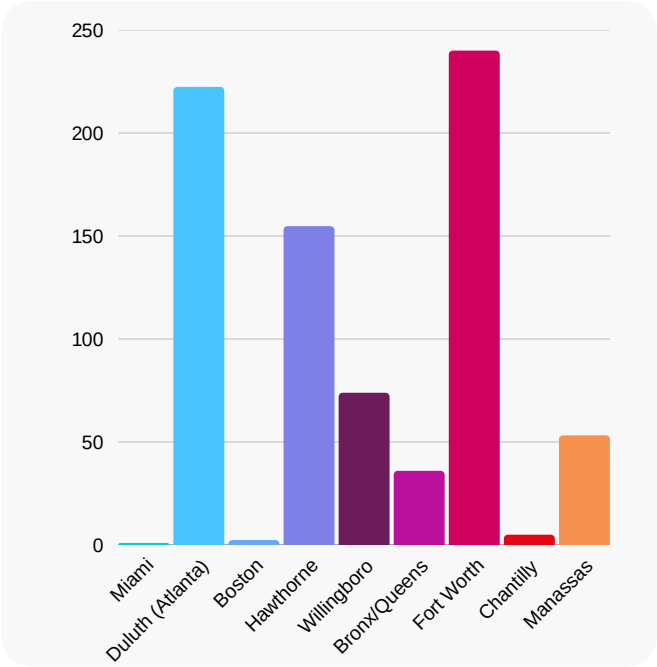

Growth

In 2024, Humanity First USA joined with the Food Bank for New York City to begin serving food, primarily in the Bronx. Our first distribution in April fed 100 families in need with essential items such as milk, bread, tuna, fruits, assorted vegetables, and pasta. The volunteer team, led by Aslam Mohammad, continued tirelessly all year to reach families on the streets and parks of NYC.

Meals Served in Thousands

People Served

The HF Duluth Food Pantry: Our First Standalone Food Pantry *A Milestone of Service*

In February 2023, Humanity First USA opened its first standalone food pantry to the public.

The pantry distributes both purchased food and donations from local partners, including federal and state programs such as The Emergency Food Assistance Program (TEFAP) and Georgia Nutrition Assistance Program (GNAP).

In addition to food distribution, the pantry provides referral services for SNAP, Medicaid, and Medicare.

Who We Serve:

- 54% of our clients have Limited English Proficiency
- 7% are elderly
- 49% are children

2024 Highlights:

- Partnered with Atlanta Community Food Bank to access food at reduced rates
- Distributed over 222,000 meals
- Served 2,245 families – nearly 11,000 individuals
- Welcomed 284 volunteers – 98% of whom are new to Humanity First
- Received a \$32,500 grant from Gwinnett County under the American Rescue Plan Act (ARPA)

Together, we're building a hunger-free community – one family at a time.

Education is a right, but 258 million young people aren't attending school, according to UNESCO.

Education enables us to turn our natural curiosity into the foundation of a better future. Humanity First USA's schools and vocational centers create high-quality educational opportunities for children and adults that helps fulfill this promise for themselves, their families, and their communities.

Target of 48 Schools

We are 16 institutions away from our goal of operating 48 primary & secondary schools.

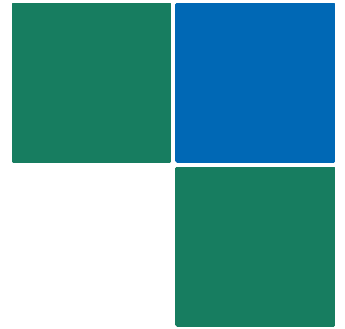

Empowering Vocational Skills

Our 3 vocational centers all offer courses in tailoring, a skill that is particularly attractive to women seeking opportunities for self-sufficiency. The HF Ahmadiyya Vocational College in Liberia also offers courses in computers, refrigeration & air conditioning, catering, and driving.

Growth

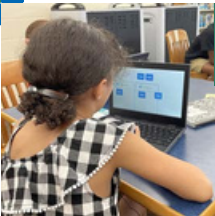

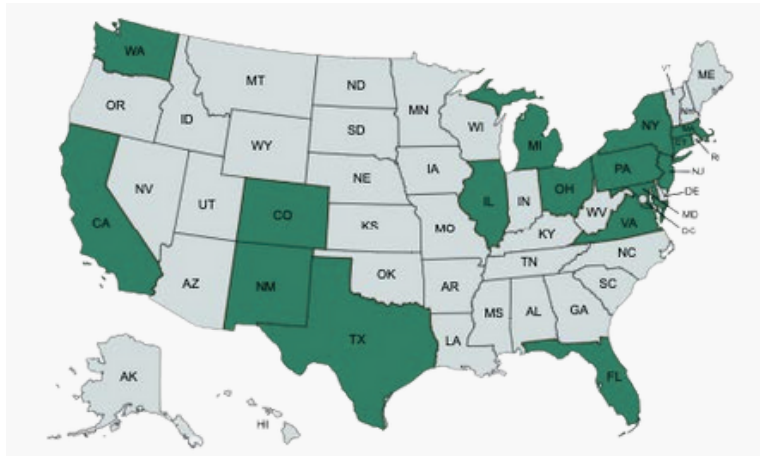

- Two school complexes, one each in Mali and Burkina Faso, are under construction. These complexes comprise 6 more schools towards our goal. We aim for 2 additional schools in 2025.
- Donor opportunities for annual school and vocational center sponsorships can support scholarships, facility upgrades, and extra student programs.

Active Tutors

3
School/Local Partners

TEP Beginning

The project was initiated in April 2020 to serve K-12 students during the pandemic.

New Program

With a grant from the City of Toledo, TEP offered a hybrid summer program combining virtual 1:1 tutoring with in-person group support.

Students Served

Since 2020, 644 students have been provided with free tutoring.

Service Value

The executive team of 24 tutors, all current or recent university students, contributed 5,760 volunteer hours and \$172,800 worth of service.

Partnerships

In 2024, we partnered with,

- Keyser Elementary School (Toledo, OH)
- Broadleaf Primary and Infant School (Mandeville, Jamaica)
- HF Duluth Food Pantry (Duluth, GA)

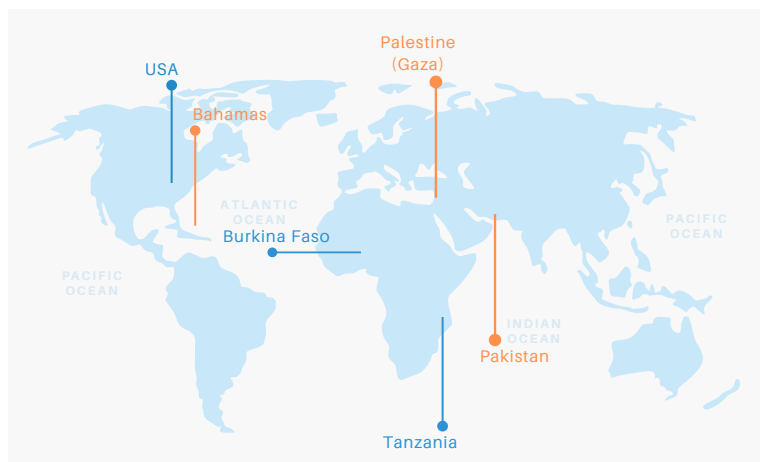

Ready to respond in times of crisis and disaster.

Humanity First USA has responded to disasters near and far, big and small since our founding in 2004. The Humanity First Disaster Relief medical team is part of the United Nations-World Health Organization EMT (Emergency Medical Team) Initiative. In fact, our EMT has been invited by the WHO to respond to major disasters around the world.

Burkina Faso

Constructing 40 permanent homes for internally displaced families in Dori, the capital of the Dori region.

Tanzania

Supported HF Tanzania local team to clean a school filled with mud and distribute food and relief supplies to victims of the floods, serving over 1,600 people.

USA

DR and Duluth Pantry teams responded to Hurricane Helene in Georgia and North Carolina serving over 2,000 people.

Bahamas

Helped to rebuild a school library destroyed by hurricanes to benefit 400 children.

Palestine (Gaza)

Together with HF-UK and US-based nonprofit Anera served over 120,000 people with food aid, tents, water, healthcare, and educational activities for children.

Pakistan

Worked with local partner to build 40 new homes with solar electricity for victims of flooding in Pakistan.

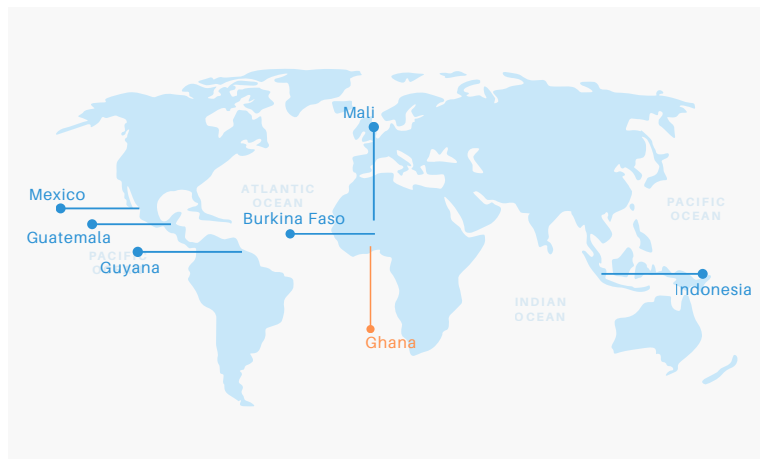

Access to healthcare is essential, but it's also expensive—and sometimes, it's just not available. Less developed countries pay the price: low-income countries have a life expectancy that is 18 years lower than that of high-income countries.

Humanity First USA tackles this problem through a multi-pronged approach that delivers care to as many people as possible. Humanity First builds hospitals, operates mobile medical clinics and medical missions so people can access healthcare from cities to remote villages.

 Indonesia

Local Medical Care

- The Bamako Medical Center in Mali and Asih Sasama Clinic in Indonesia both provide consistent long-term care.
- Medical missions organized by local teams are cost effective in providing essential care to local communities.
- HF Guyana organized seven missions in 2024, and we are exploring expansion to more countries.

Gift of Health Missions

- Three HF Student Organization (HFSO) Gift of Health missions treated over 2,100 patients in Guyana, Guatemala, and Mexico! The trips pair US students and volunteer medical professionals with physicians and staff from the host country to offer free medical screenings, dental care, and medications in underserved areas.
- The HFSOs of the University of Toledo, Loyola University Chicago, Temple University, and the University of Toledo College of Medicine stepped up to arrange the missions. 43 students—our future leaders and medical professionals—joined these missions under the guidance of 6 physicians who traveled from the U.S. to see patients and mentor the students! We are also grateful to the 80 host country team members and physicians who anchored the medical camps.

New Medical Mission

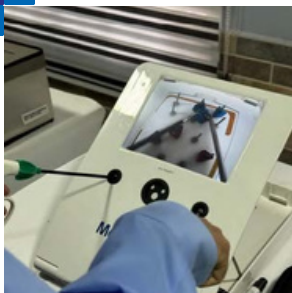

HFUSA Doctors4Humanity members traveled to the Republic of the Marshall Islands (RMI) for the inaugural mission of a new partnership between HFUSA and the RMI Ministry of Health. Our team worked with staff of the Leiroj Kitlang Memorial Health Center to treat over 100 cardiology patients on Ebeye Island.

Ghana Capacity Building Mission

The Mission

- From July 17 to July 25, 2024, an 11-member HFUSA team traveled to Ghana to conduct capacity building training
- Over 100 healthcare professionals were trained in:
 - Ultrasound guided peripheral nerve block
 - Laparoscopic surgery
 - Basic CPR and first aid

Training Sites & Partners

- Ultrasound & CPR courses at First American Medical Center
- Laparoscopic skills course at Ghana's Medical Simulation Skills Institute (MSSI)
- Humanity First Ghana
- Ahmadiyya Muslim Medical Association

Future Missions

Currently exploring opportunities to expand similar missions in various specializations in HFUSA partner countries.

Worldwide, nearly a billion people suffer from preventable or correctable vision impairments. Imagine not being able to see just because you can't get eyeglasses. Or losing your vision because you can't get routine cataract surgery. That's the case for millions of people.

That led Humanity First to start the Gift of Sight program, which works to restore and maintain people's eyesight. Eye care missions expand access to screening and prescription glasses; free cataract surgical missions restore eyesight to those who might otherwise go blind; and ophthalmology clinics provide stable eye care in places where it otherwise wouldn't be available.

Local Gift of Sight

Eye health and surgical camps in Burkina Faso and Mali extend healthcare while strengthening local capacity. We are exploring more countries to expand cataract surgeries, such as Tanzania and Lesotho.

Gift of Sight at Nasir Hospital

In April, the first joint Gift of Sight mission under the partnership between HFUSA, HF Healthcare Services, and Loyola Medicine, went to Guatemala. The international volunteers worked closely with the staff of Nasir Hospital to screen patients for eye health, prescribe treatment and lenses, and perform more than 60 eye surgeries to clear people's vision. Gift of Sight missions are part of the development of the Nasir Hospital Ophthalmology Department for long-term, comprehensive eye care.

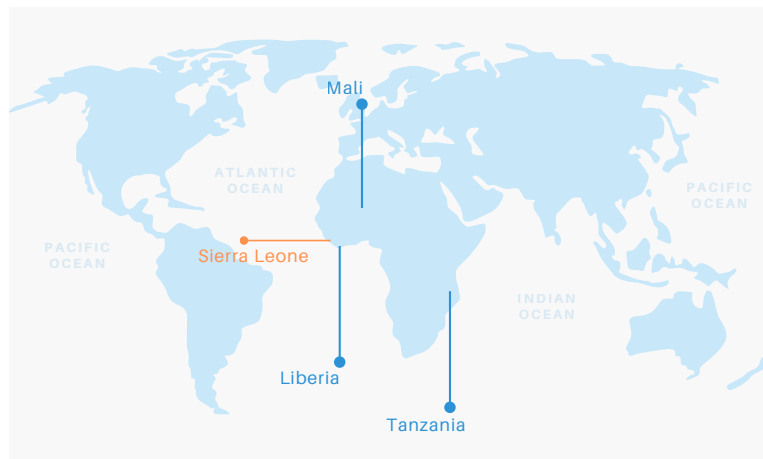

Safe and clean drinking water is a fundamental human right. Yet over 1 in 10 people worldwide do not have access to clean water.

Humanity First provides clean drinking water solutions to communities that need it the most. We refurbish dozens of hand pumps a year and install new ones when needed. We dig boreholes and water wells, and we provide solar-powered equipment and overhead reservoirs to store water so it can be used in schools, healthcare facilities, and villages.

Humanity First Student Organizations span the country:

- 21 High Schools
- 25 Universities
- 3 HFSOs established at medical schools

Impact

- 3 Gift of Health Medical missions to Guatemala, Guyana, and Mexico serving 2,118 patients.
- 800+ eye glasses collected for donations during medical missions.
- Local service projects near school campuses, including serving at homeless shelters, organizing blood donation drives, and other service work.

ANNIVERSARY
Humanity First USA

20th Anniversary Gala

We were thrilled to host nearly 400 people representing seven countries at the Humanity First USA 20th Anniversary Gala in Washington DC last week.

Philanthropists, Ambassadors and Counselors of foreign nations, business leaders, former congressional representatives, leaders and representatives from multiple faith traditions, regional and national nonprofit leaders gathered to commemorate this milestone for HFUSA and increase our impact for global humanitarian aid.

Our esteemed speakers spoke to the need for humanitarian action, the impact of Humanity First USA and the global Humanity First network, and how our supporters can help serve humanity.

- Mr. Amjad Mahmood Khan, Gala emcee and HFUSA Board Director
- Mr. Muhammed A. Chaudhry, HFUSA Board Director
- Munum Naeem, HFUSA Chairman and Executive Director
- Dr. Kaleem Malik, HFUSA Director of Disaster Medical Training & Development
- Dr. Elena Gabriela Mota Magaña, Nasir Hospital Director
- Mr. Lassina Maiga, National Coordinator of HF Mali
- Mr. Mahershala Ali, Actor and Philanthropist
- His Excellency Sekou Berthe, Ambassador to the U.S. from the Republic of Mali
- His Excellency Sidique Abou-Bakarr Wai, Ambassador to the U.S. from the Republic of Sierra Leone
- His Excellency Samuel Hinds, Ambassador to the U.S. from Guyana
- Her Excellency Fatoumata Kaba, Ambassador to the U.S. from the Republic of Guinea

Detroit Dinner

The Event

We were thrilled and humbled to welcome an audience of 150 people to celebrate the power of humanitarian service. Guests drove from as far as Toledo and Flint to join us. Esteemed guests included members of the Troy Faith Group, employees of IBM and Volkswagen, leaders of Humanity First Student Organizations (HFSOs) with their families, and volunteers who served during the Flint water crisis in 2016.

Thank you

Thank you to organizers Pervaiz Khan and Naeem Ahmad and emcee Omar Choudhry, a student at the University of Michigan. We were grateful to learn about student service from leaders of the HFSO of Northville High School; about disaster relief from Mujeeb Ijaz, a member of the Humanity First USA Board of Directors; and hear HFUSA 20th anniversary reflections from Mr. Munum Naeem, the Chairman and Executive Director of HFUSA.

ANNIVERSARY
Humanity First USA

Atlanta Dinner

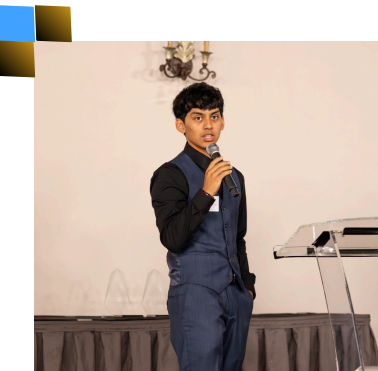

Guests

We welcomed 85 supporters of the HF Duluth Food Pantry to a fundraising and recognition dinner this year.

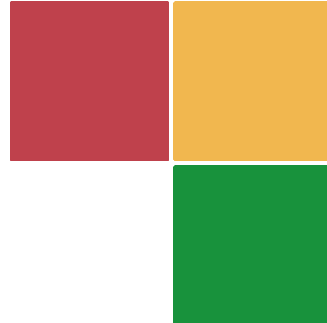

Volunteers of the Year

Stars of the event were mother and son Miriam Jackson and Lattimore Scott, our Volunteers of the Year 2024, who helped at the pantry every Sunday for over a year! Pantry leads Farah and Muzaffar Quraishi presented them with this well-deserved award.

The Event

Director of the HF Duluth Food Pantry, Farah Quraishi, organized the dinner with Muzaffar Quraishi, emcee. It was inspiring to hear from these two leaders of our work in Duluth, as well as from young Miguel, a high school student whose role in Spanish interpretation and client service connects the pantry with local communities. Our Director of Food Security, Tahir Soofi, and VP of Fund Development & Marketing, Alana Laudone, shared the national HF perspective of 20 years of service. And Andrew Winkelmann of Diaz Foods, our partner for wholesale culturally relevant foods, shared how he has been moved by the pantry team's commitment to helping people in the Hispanic community.

WALK • RUN • BIKE

ACROSS THE GLOBE FOR HUMANITY

Miles That Matter!

The Event

The Humanity First global family united for 35,434 miles to circle the globe!

The Impact

This inaugural virtual event raised funds and awareness of Humanity First's impact as we traveled from our Chantilly headquarters to major partner and project sites and back again.

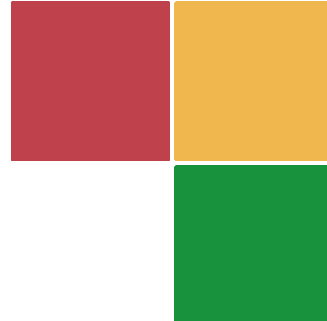

Miles that Matter

Some teams in the US and our partner countries held group events to bring people together for the cause. The inspiring energy from these groups added thousands and thousands of #MilesthatMatter to our journey across the globe.

Thank You!

Thank you to our HF partners in Burkina Faso, Guatemala, Guyana, Indonesia, Liberia, Mali, Mexico, and Tanzania!

ANNIVERSARY
Humanity First USA

The 20th Anniversary Telethon

Hope, Healing & Humanity

The 20th Anniversary Telethon was our final event to mark a momentous year. Stories of impact from all HFUSA programs and from our influential communities of Doctors4Humanity, HF Student Organizations, and Kids4Humanity brought the work to life. We thank our generous sponsors Kaizan Financial Services and MigroAgility Foundation.

Kids4Humanity

Ehtesham, Qasid, Muhammad-Jahid, Safiya, Aroosha, and Asad brought a teddy bear, a badge, a water bottle, a plaque, and a schoolbook for a show-and-tell about HFUSA. They told us about community service projects like putting together food bags and backpacks for families in need and encouraged all kids to join.

Volunteer Segment

Saifra Khan, a prior Country Director for Guatemala, met a young boy with a rare condition on a Gift of Health mission. She shared "how important it was for us to have short-term camps and shift them into something long term and sustainable through Humanity First." Less than a decade later, Nasir Hospital now provides long-term care in over 30 medical services. Departments like Ophthalmology are attracting patients, partnerships, and international volunteers to improve health across the Americas.

HFUSA Board of Directors

Thank you to our Board of Directors

Munum Naeem, Board Chairman and Executive Director (serving since 2004)

Bashir Malik, Secretary for the Board and VP of Corporate Governance (serving since 2020)

Muhammed A. Chaudhry, Board Director and Chief Strategy Officer (serving since 2022)

Mujeeb Ijaz, Board Director and Chief Development Officer (serving since 2020)

Majid Khan, Board Director and Chairman & CEO, HF Healthcare Services (serving since 2004)

Fizan Abdullah, MD, PhD, Board Director (serving since 2023)

Imran Ahmad, Board Director (serving since 2024)

Mahmood Ahmad, Esq., Board Director (serving since 2024)

Fiona O’Keeffe Ahmed, PhD, Board Director (serving since 2016)

Irfan Alladin, MD, Board Director (serving since 2016)

HF HEALTHCARE SERVICES

ANNUAL REPORT 2024

THE YEAR IN REVIEW

Nasir Hospital is not just a place of treatment, but a space where healing connects with the heart. Every patient brings a unique story that inspires our compassionate care. Our expert team's dedication goes beyond medical excellence—they provide comfort and trust that last long after recovery. This year, as always, our commitment to nurturing both body and spirit has fostered a community that reflects empathy and care. This culture continues to attract the best in healthcare, united by a shared mission to make a difference, one patient at a time.

Highlights 2024

A year like never before

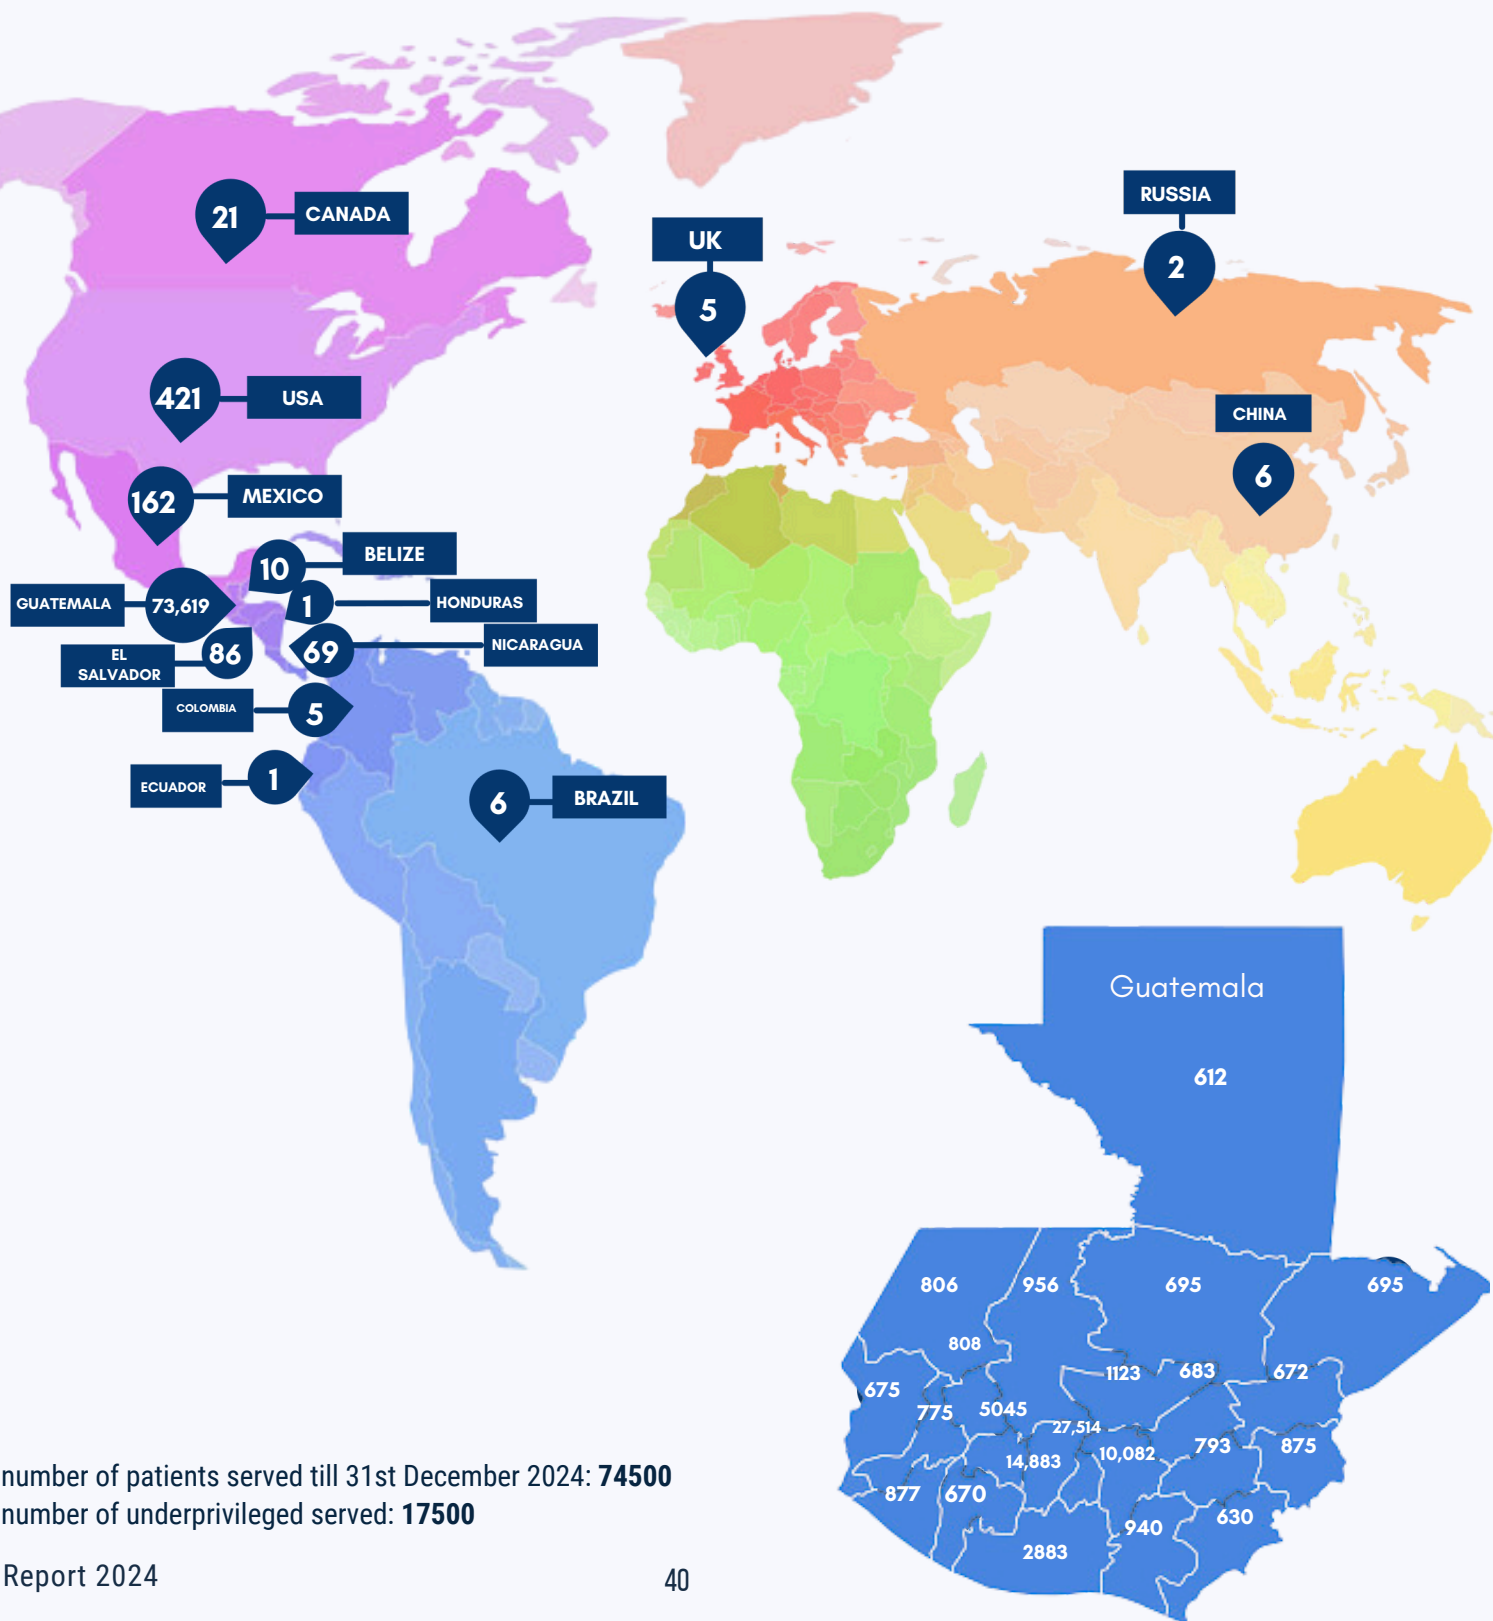

- Highest number of patients served
- Highest inpatient occupancy
- Highest number of emergency patients
- Highest number of ultrasounds
- Highest number of surgeries
- Highest number of lab tests performed
- Highest number pharmacy visits
- Highest number of endoscopy and colonoscopy procedures
- **Record breaking yearly revenue**
- **100% sustainability achieved**
- Global winners “Walk Run and Bike” competition
- In 2024, more development work was done at Nasir Hospital than any other year

Statistics

	2022	2023	2024	% INCREASE FROM 2023

2024 Events

Gift of Sight

This year, in partnership with Loyola Medicine, we were able to restore vision to 65 patients through our Gift of Sight program. This initiative gave hope and provided a fresh perspective to those in need.

Walk Bike and Run

Community involvement remains central to our mission. Events like 'Walk, Run, and Bike' brought together patients and staff in support of a common cause, forging strong bonds and making a tangible impact. Notably, the HF Healthcare team achieved 1st place globally in this competition, showcasing their dedication and teamwork on an international scale.

2024 Projects

New Inpatient Block

Earlier in the year we celebrated the groundbreaking for Nasir Hospital's expansion, attended by patients and friends. This project reflects our commitment to the people we serve. Over the past five years, we've built a reputation for quality, affordable care, leading to increased patient volume. By the first quarter of 2025, we aim to double our inpatient capacity to better serve our community.

Launch of HF Pharmacare

HF Pharmacare will not only serve our hospital but will also be a distribution center for other regional hospitals and pharmacies. This initiative aims to provide high-quality medications at affordable prices, ensuring essential medicines are accessible and improving community health outcomes.

2024 Projects

First Satellite Clinic

We're excited to announce our first satellite clinic in Chimaltenango, set to open soon. This facility will expand our reach, providing quality healthcare closer to home and reinforcing our commitment to serve the region better.

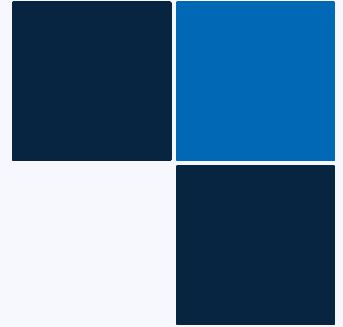

HF Home Care

We launched our HF Home Care in March 2024 to provide essential care for patients unable to visit the hospital. This initiative extends quality healthcare services directly to patients at home, ensuring access to necessary care and reinforcing our commitment to our patients.

Global Projects

Masroor Center of Healthcare Abidjan, Ivory Coast

Construction of the hospital began in November 2021, with a target completion date set for the end of 2025. This 30-bed facility will provide affordable healthcare services to the underprivileged populations in the region.

Tanzania Eye Hospital (planned)

Tanzania faces challenges in access to comprehensive eye care. An eye hospital is being planned which will provide vision correction, cataract surgeries, and other specialized eye care, thereby reducing preventable blindness while improving public health.

VISION 2027

State-of-the-art diagnostic center

Nasir Hospital's new advanced diagnostic services in Central America will offer CT, Cath Lab, Mammography, High Level Lab and Fluoroscopy, and more for enhanced personalized medical care.

Global healthcare access

Our advanced diagnostics center and expanded capacity aim to serve more patients and attract global clients seeking affordable healthcare. With a large number of people uninsured or underinsured in the US, we are dedicated to improving access to medical services for all those in dire need.

Mobile health units

HF Healthcare aims to address the healthcare gap in rural areas by launching mobile health clinics. These units will offer essential health services, screening, and treatments to underserved populations.

OUR IMPACT

GIFT OF HEALTH

Gift of Health medical missions are organized 3-5 times a year to provide underserved communities globally with free healthcare and medications. The teams comprise HFSO students, individual volunteers, and medical professionals. Every student contributes \$1500 to sponsor the trip.

- **UToledo:** March 2-8, Guyana - **665 patients**
- **UTCOM/Temple:** May 19-26, Guatemala - **1,068 patients**
- **Loyola:** July 18-24, Mexico - **385 patients**

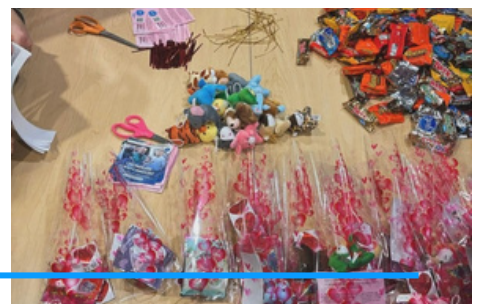

OUR IMPACT

DISASTER RELIEF

4 students attended the annual **3-Day HF Disaster Response Course**. **\$5,184** raised for **Israel-Hamas War humanitarian relief**:

- Northville High School (Bake Sale) - **\$1750**
- University of Michigan - **\$1125**
- George Mason University (Bake Sale) - **\$1000**
- Loyola University (Cookie Sale) - **\$790.53**
- University of Virginia (Goodie Bag Sale) - **\$519**

OUR IMPACT

GIFT OF SIGHT

Donated eyeglasses collected by 8 HFSOs!

- University of Toledo College of Medicine
- Temple University
- University of Michigan
- Troy High School
- Foothill High School
- Hun School of Princeton
- Centerville High School
- Stow Munro Falls High School

200+ eyeglasses were donated to HF Guyana!

GLASSES DONATED TO THE GUYANESE PEOPLE!

OUR IMPACT

COMMUNITY CARE

- 100 care packages for the homeless.
- 77+ pints of blood donated at 3HFSOs.
- 2,500+ winter clothes, books, cards, tote bags, scarves, school supplies, and toys donated to homeless shelters at 25 HFSOs.
- 1,606 meals prepared and donated by 14 HFSOs for the homeless.

Humanity First
Serving Mankind

Humanity First USA was established as a U.S. 501(c)3 in 2004. We are affiliated with the Humanity First International consortium that was founded in 1995 by the head of the Ahmadiyya Muslim Community, His Holiness Hazrat Mirza Tahir Ahmad (rh), to help those in need of disaster relief during the war in Bosnia. Since 1995, Humanity First has expanded to 65 countries to serve over 16 million people.

While we have deep roots in the Ahmadiyya Muslim Community, our volunteers, staff, and supporters come from all religions and walks of life, and we serve all people—regardless of their race, their religion, their politics, or their ethnicity.
